

DWM

WALL MOUNT RACK

The DWM wall mount cabinet has been designed as a cost effective smaller system solution for mounting electronics equipment in secured and non-secured areas. The DWM features fully welded construction and has a load rating of 250 lbs. The DWM is 24" wide and available in depths of 17", 22", 26" and 30", with RU height options of 12, 18 and 27. The reversible front doors are smoked glass. All doors feature a keyed lock for secured access. The back panel has cutouts to accommodate electrical outlets and knockouts in the top and bottom for conduit and cabling. Two pairs of fully adjustable mounting rails are included. The DWM wall mount cabinet features a black durable powder coat finish.

Certified Load Ratings:
250 lbs.

Rack Heights:
12RU, 18RU, 27RU

Rack Widths:
24"

Rack Depths:
17", 22", 26", 30"

Features:

- Two pairs of fully adjustable mounting channels
